Staff Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## Daycare Waiver

1. *All dogs must receive staff approval for enrollment in our daycare program.* All dogs must be non-aggressive and not food or toy protective. Owner will need to completely and honestly fill out the daycare enrollment form. Please remember that the dogs' safety and health is our main priority.
2. *NO Bully Breeds.* Unfortunately, we cannot allow dogs with the jaw structure associated with bully breeds (such as Pit Bull Terriers, American Staffordshire Terriers, etc) to join daycare. We love our bullies, but if something were to happen, their jaws can be much more destructive than the average dog. Mixed breeds will be permitted at Stephanie's discretion.
3. *Any age dog is allowed to attend daycare,* as long as the pet is approved. Puppies may begin play before they receive their rabies vaccine (which must be done by 6 months old) and before they are spay/neutered (must be done by 1 year old, and no females in heat are permitted)
4. *All dogs must have up-to-date vaccinations,* with due dates provided by a veterinarian. Rabies is required for all pets over 6 months of age, and Distemper & Bordetella vaccines are highly recommended. *Owners will need to certify that their dog/s is in good health* and have been free from any condition that could potentially jeopardize other guests. Dogs that have been ill with a communicable condition in the last 30 days will need vet certification of health to be admitted or readmitted.
5. It is also highly recommended that dogs joining daycare have a flea & tick preventative, as the majority of their time will be spent outside. *If at any time during group play a dog is found to have fleas* the dog will be immediately separated from the group and treated with a flea bath by one of our in-house groomers at the owners' expense. In the event the other dogs are exposed, they will be examined for signs of fleas as well.
6. *Please keep in mind that there are inherent risks* when it comes to dogs at play. Although it is supervised play, your dog/s may still acquire an occasional nip or scratch.
7. *Staff members reserve the right to remove any pet from daycare that they deem a threat to themselves or the other dogs.* The owner will receive a phone call, and given the option to pick up the pet, or to pay for the dog to board in a regular run for the remainder of the day.

I agree to comply with the above conditions of participation in the Paws & Claws daycare. I agree to assume the risk and further hold harmless Paws & Claws and its staff members conducting daycare from any and all claims, suits, losses or related causes of action for damages, including, but not limited to, such claims that may result from the injury or death, accidental or otherwise, during, or arising in any way from the care of my dog. I further agree to be held solely responsible for any and all claims or causes of action for damages to persons, dogs, or property by my dog; including but not limited to compensation for medical/veterinary treatment.
